Dear Commissioner,

As one who prides himself on remaining informed regarding the issues of the day, I am concerned with the possibility of significant local power being given to those who dispense the news to us. The proposal before you to relax the rules regarding the ownership of broadcast facilities is dangerous as it will tend to concentrate even more power in the hands of already powerful media giants.

If we want to continue to have lively and diversified political and economic dialog, debate, and discussion here, we cannot permit too many different media outlets to be controlled by the few with the money to buy their way into complete domination. This cuts across all party and philosophical views as we consider the diminishing of varied points of view being possible.

Please do not relax the rules to allow media monopolies.

Sincerely,

A handwritten signature in cursive script that reads "Thomas F. Frawley". The signature is fluid and stylized, with the first and last names being more prominent.
